Interim Co-Lead Counsel for Plaintiffs

**UNITED STATES DISTRICT COURT
 NORTHERN DISTRICT OF CALIFORNIA
 SAN FRANCISCO DIVISION**

**IN RE TRANSPACIFIC PASSENGER
 AIR TRANSPORTATION ANTITRUST
 LITIGATION**

Civil Case No. 3:07-cv-05634-CRB

MDL No. 1913

**This Document Relates to:
 ALL ACTIONS**

**DECLARATION OF SHANNON R.
 WHEATMAN, PH.D. IN SUPPORT OF
 PLAINTIFFS' MOTION FOR FINAL
 APPROVAL**

1 I, Shannon R. Wheatman, being duly sworn, hereby declare as follows:

2 1. I am President of Kinsella Media, LLC (“KM”), an advertising and notification
3 consulting firm in Washington, D.C. specializing in the design and implementation of class
4 action and bankruptcy notification programs. My business address is 2101 L Street NW, Suite
5 800, Washington, D.C. 20037. My telephone number is (202) 686-4111. I make this Declaration
6 pursuant to 28 U.S.C. § 1746.

7 2. This Declaration will describe the notices (the “Notice” or “Notices”) and the
8 notice program (the “Notice Program”) implemented here for *In re Transpacific Passenger Air*
9 *Transportation Antitrust Litigation*, including why I believe they were effective and satisfy the
10 requirements of Federal Rule of Civil Procedure (“Rule”) 23(c) and due process.

11 3. This Declaration is based upon my personal knowledge and upon information
12 provided by Class Counsel and my associates and staff. The information is of a type reasonably
13 relied upon in the fields of advertising, media, and communications.

14 4. This Notice Program is related to the Settlements with Air New Zealand Limited,
15 China Airlines, Ltd., EVA Airways Corporation, and Philippine Airlines, Inc. KM was retained
16 to design and implement the Notice Program in this litigation. In my prior declaration, the
17 Supplemental Declaration of Shannon R. Wheatman, Ph.D. in Support of Plaintiffs’ Motion for
18 Approval of Notice Program and Notice Forms dated May 11, 2018, submitted along with my
19 C.V., I detailed my class action notice experience, expertise in the form and content of class
20 action notice, and publications on notice and due process. I also provided my educational and
21 professional experience relating to class action notice programs and ability to render opinions on
22 the overall adequacy of the Notice Program. I submit this Declaration to describe the
23 implementation of the Notice Program.

NOTICE PROGRAM OVERVIEW

24 5. The proposed Notice Program was designed to reach the greatest practicable
25 number of Class Members, ensuring that they will be exposed to the Notice and be able to see,
26 review, and understand it.

6. Although each case is unique, the methods and tools used in developing and implementing the Notice Program for these Settlements have been employed in many other court-approved notice programs.

7. To effectively reach the Classes, KM implemented a Notice Program consisting of direct notice, paid national and local ethnic media, earned media, and a dedicated website. As detailed below, I believe this Notice Program meets due process standards and provides the best notice practicable to the Classes under the circumstances. Each of these elements are described in more detail below.

DIRECT NOTICE

8. Because passenger mailing lists are not available from the Defendants, Direct Notice via postcard (“Postcard Notice”) was sent to 45,406 Class Members who filed a claim in the previous settlements. Specific information regarding the mailing portion of the Notice Program is provided in the Declaration of Joel Botzet of Rust Consulting filed concurrently with this Declaration.

9. Prior to mailing, all addresses were checked against the National Change of Address (“NCOA”)¹ database, which is maintained by the United States Postal Service (“USPS”).

10. Notices that were returned as non-deliverable were re-mailed to any address indicated by the USPS in the case of an expired automatic forwarding order. Notices returned as non-deliverable, but for which a new address is not indicated by the USPS, were further searched through a third-party vendor to obtain a more current address. If any such address was found, the Notice was re-mailed. Overall, according to Rust, after all mailings were completed, 97.65% of mailed notices were delivered.

11. Direct Notice was also sent via email (“Email Notice”) to lists customized to reach people identified as potential Class Members.² Overall, 95.8% of Email Notices were delivered. Email Notice was sent to the following groups:

¹ The NCOA database contains records of all permanent changes of address submissions received by the USPS for the last four years.

- a. 200,413 frequent flyer travelers with Asian ethnicity consisting of households traveling to a foreign country 2+ times a year, frequent business travelers, and frequent flyers traveling 5+ times a year. Individuals in this group have self-identified with the following ethnicities: Chinese, Japanese, Korean, Thai, Vietnamese, Indian, Pakistani, or Turkish.
- b. 150,477 frequent international travelers with Asian ethnicity consisting of people identified as frequent international travelers with an Asian ethnicity.
- c. 43,867 Asian airline frequent flyers consisting of frequent flyers on Asiana, Hainan, Malaysia, Thai Airways, EVA Air, Garuda Indonesia, All Nippon Airways, Singapore, and Cathay airlines.

PAID MEDIA NOTICE

12. To supplement individual notification, KM implemented a paid media program consisting of advertising in national magazines and websites as well as local ethnic newspapers and websites.

Media Methodology

13. KM employs methodology and measurement tools used in the media planning and advertising industry for designing and measuring the adequacy of a paid media program to reach a particular audience. To design and implement the Paid Media Notice segment of this Notice Program, KM identified and selected demographics that encompass the characteristics of Class Members. Media vehicles were analyzed and selected for their strength and efficiency in reaching these demographic targets and then quantified to provide results for the court on the adequacy of the notice.

14. GfK MRI³ provides specific information on Adults 18 years of age and older who travel by plane to Turkey, Japan, China, Hong Kong, India, Southeast Asia, other Asian

² Email lists were purchased from marketing/ mailing lists vendors: InfoUSA, DM Databases, and ExactData.

³ GfK MRI is a nationally accredited media and marketing research firm that provides syndicated data on audience size, composition, and other relevant factors pertaining to major media including broadcast, magazines, newspapers, and outdoor advertising. GfK MRI provides a single-source of major media, products, services, and in-depth consumer demographic and lifestyle/psychographic characteristics. GfK MRI produces an annual Doublebase, a study of

1 countries, Australia, New Zealand, and the South Pacific (“Transpacific Air Travelers”). KM
 2 used the target to ensure that all media selected is appropriate for that target. However, Internet
 3 cannot be measured against Transpacific Air Travelers. To measure all recommended media
 4 elements together, the target audience was measured against a comparable target audience of
 5 people who completed any foreign travel by plane (“U.S. Foreign Travelers”).

6 15. To effectively reach the Classes, the broad-based Notice Program included
 7 national magazines and Internet, and local ethnic newspapers and Internet. Where individual
 8 addresses for purposes of direct mail were not available, as is the case here, these protocols are
 9 appropriate, have consistently met the approval of courts, and meet the standards of due process.

10 *National Media*

11 16. The Publication Notice appeared in the following magazines: *Time* and *Travel +*
 12 *Leisure*.

13 17. An Implementation Report for the Notice Program is attached as **Exhibit 1** and
 14 confirms that the Court-approved Notice Program was implemented. The report details each
 15 advertisement and the date and page number upon which the advertisement appeared. The report
 16 confirms that KM has received a true and correct copy of the advertisement, or “tearsheet,” from
 17 each publication.⁴ A true and correct copy of the Publication Notice, or tearsheet, as it appeared
 in print is attached as **Exhibit 2**.

18 18. The Notice Program included digital advertising to provide Class Members with
 19 additional notice opportunities beyond the print placements. Internet advertisements appeared on
 20 a rotating basis on the following online networks: Conversant, Facebook.com, Oath, and
 21 RhythmOne, delivering a total of 341,890,658 gross impressions.⁵ Attached as **Exhibit 3** are true
 22 and correct copies of the ads (includes examples of how the banner ad appeared on several
 23 websites).

24 more than 50,000 adults providing two full years of data. The survey questionnaire measures
 25 approximately 500 product/service categories, 6,000 brands, and various lifestyle activities.

26 ⁴ Copies of the notices as they appeared in each publication are available to the Court upon
 request.

27 ⁵ Gross Impressions are the duplicated sum of audiences of all media vehicles containing the
 28 notice.

Local Ethnic Media

19. KM used newspaper advertisements and Internet placements to reach the Asian segment of the Classes. Newspapers were chosen because they served as a tangible and credible information source to readers. The Internet is used often for travel planning and provides a complementary media and widely used by light newspaper users.

20. KM selected the highest circulating newspapers in available metropolitan areas. The Publication Notice appeared in 33 newspapers covering Chinese, Filipino, and Japanese audiences.

21. The Publication Notice appeared one time in the following Chinese newspapers: *Atlanta Chinese News*, *World Journal Boston*, *Chicago Chinese News*, *Dallas Chinese News*, *Chinese American Post*, *Epoch Times* (Detroit), *China Press* (Texas), *Kansas City Chinese Journal*, *US Asian Post*, *Chinese Daily News* (Las Vegas), *Chinese Daily News* (Los Angeles), *Florida Chinese News*, *China Press* (New York), *Chinese Press* (Philadelphia), *Asian-American Times*, *Portland Chinese Times*, *Epoch Times* (Raleigh), *San Diego Chinese Tribune*, *World Journal* (San Francisco), *Northwest Asian Weekly*, *China Press* (Seattle), *St. Louis Chinese Journal*, and *Epoch Times* (Washington DC).

22. The Publication Notice appeared one time in the following Filipino newspapers: *The Philippine Weekly*, *Balita* (Las Vegas), *Balita* (Los Angeles), *Philippine News*, *Balita* (New York), *Philippine Mabuhay News*, and *Balita* (San Francisco).⁶

23. The Publication Notice appeared one time in the following Japanese newspapers: *Japanese Daily Sun Hawaii*, *Japanese Daily Sun*, and *Seikatsu Press*.⁷

⁶ The Notice Program approved by the Court included advertising in *Philippine Media*, which is no longer printing and has no website to advertise on. KM shifted the ad to run in the second highest circulating Filipino paper, *Balita* – Los Angeles Edition (the second leading newspaper has become the leading newspaper at this time). This approach reached roughly the same audience as *Philippine Media*.

⁷ The Notice Program approved by the Court included *Weekly LALALA*, which refused to publish the ad. KM replaced the insertion with the second highest circulating newspaper that would accommodate the Notice Program schedule, *Japanese Daily Sun*. KM made every effort to have the ad placed in the publication as laid out in the Notice Program.

24. Banner ads were placed on various ethnic websites based on the highest concentration of ethnicity areas in United States. A total of 6,060,606 gross impressions were targeted to reach Chinese, Japanese, and Filipino people in the US. Attached as **Exhibit 4** are true and correct copies of the ads (includes examples of how the banner ad appeared on several websites).

Paid Media Delivery

25. For the purpose of evaluating the strength and efficiency of the media, the national consumer magazines and Internet were measured against the target audience to establish the estimated *reach* of the media program and the estimated *frequency*⁸ of exposure to the media vehicles. An estimated 70.0% of U.S. Foreign Travelers were reached with an average estimated frequency of 2.3 times.⁹

26. In addition to the reach and frequency achieved through the measured media, additional reach and frequency is achieved from the other components of the Notice Program which are not measurements by our survey data (*i.e.*, placements in the ethnic media, emailing notice to selected Frequent Travelers, and the earned media) and by direct notice.

27. The reach of the target audience and the number of exposure opportunities is the best notice practicable under the circumstances, and the Notice Program is consistent with the standards employed by KM in notification programs designed to reach identified and unidentified members of settlements.

EARNED MEDIA

28. On June 25, 2018, nationwide press release was distributed on PR Newswire's US1 news circuit reaching approximately 15,000 print and online media outlets and more than 5,400 websites, databases, and online services. The release highlighted the toll-free telephone number and Settlement website address, so that Class Members can obtain complete information. A copy of the press release is attached as **Exhibit 5**. The press release was viewed 749 times by

⁸ Frequency is the estimated average number of opportunities an audience member has to see the notice.

⁹ GfK MRI does not measure Asian-language newspapers or Internet. Therefore, their contribution to the overall reach of the media is not calculated.

1 web/online services, newspapers, and other media types. A copy of the views by media type is
2 attached as **Exhibit 6**.

3 **ONLINE MEDIA**

4 29. The case website, www.AirlineSettlement.com, was updated to enable potential
5 Class Members to get information on the new Settlements. By accessing the website, Class
6 Members were able to file a claim and obtain additional information and documents about the
7 Settlements, including: the Long Form Notice, Court documents, frequently asked questions, and
8 other information. Class Members were able to download Notice materials in English, Chinese
9 (Simplified and Traditional), and Japanese.

10 **OTHER**

11 30. The toll-free phone number was updated to include information on the new
12 Settlements. By calling the toll-free phone number, Class Members were able to request that a
13 Notice and Claim Form be mailed to them, receive answers to frequently asked questions, and be
14 given the option to leave a message and have someone return their call. The toll-free number
15 prompted the caller to choose one of the following languages: English, Chinese (Simplified and
16 Traditional), and Japanese. Calls were returned in the requested language.

17 31. A post office box was established allowing Class Members to contact Class
18 Counsel by mail with any specific requests or questions.

19 **THE FORM AND CONTENT OF THE NOTICES**

20 32. The Notices effectively communicated information about the Settlements. Rule
21 23(c)(2) requires class action notices to be written in “plain, easily understood language.” KM
22 applies the plain language requirement in drafting notices in federal and state class actions. The
23 firm maintains a strong commitment to adhering to the plain language requirement, while
24 drawing on its experience and expertise to draft notices that effectively convey the necessary
25 information to Class Members.

26 33. The Publication Notice was designed to capture Class Members’ attention with
27 clear, concise, plain language. The Notice directed readers to the case website or toll-free
28 number for more information. The plain language text provided important information regarding
the subject of the litigation, the Class definition, and the legal rights available to Class Members.

1 No important or required information is missing or omitted. In fact, the Notice stated all required
2 information without omitting significant facts that Class Members need to understand their
3 rights.

4 34. The Long Form Notice was available at the website or by calling the toll-free
5 number. The Long Form Notice provided substantial information, including all specific
6 instructions Class Members need to follow to properly exercise their rights, and background on
7 the issues in the case. It was designed to encourage readership and understanding, in a well-
8 organized and reader-friendly format. The Long Form Notice was available in English, Chinese
9 (Simplified and Traditional), and Japanese.

10 **CONCLUSION**

11 35. It is my opinion that the Notice Program provided the best notice practicable
12 under the circumstances. It is consistent with the standards employed by KM in notification
13 programs designed to reach class members. The Notice Program, as designed, is fully compliant
14 with Rule 23 and satisfies due process requirements.

15 I declare under penalty of perjury that the foregoing is true and correct. Executed in
16 Souderton, Pennsylvania this 30th day of August 2018.

Market vendors and consumers waded through a flooded market in Dagupan City on Wednesday as water caused by monsoon rains and high tide coming in through the adjacent Pantar River. The Pangasinan provincial health office reported a 13% increase of Leptospirosis cases with 10 deaths since January of this year. (MNS photo)

LACSON

From page 1

neric term by everybody listening, then that's well and good," Duterte said in a video posted by the Presidential Communications Operations Office (PCOO) on its Facebook page.

The President maintained that his detractors could criticize anything in his government, but they should "never, never use the name

of God as a front to attack government."

"I only apologize to God, nobody else. If I wronged God, he would be happy to listen to my apology. Why? Because my God is all forgiving. Why? Because God created me to be good and not bad," Duterte said. (PNA)

DRUG TEST

From page 1

he noted. "We just hope sana mapagbigyan kami ng DepEd (that the DepEd will agree to our proposal). They just told us that they will conduct a study out of that, so I'll try kung hindi sila nagbigay ng (if they did not give) positive or negative answers. So, they are more inclined or more open to have a mandatory drug testing in high school and colleges.

Well, I just dropped the primary (because) everybody has some violent reactions but again, yung batas, inuulit ko yon, na yung batas noong 2002 ay ibang-iba na ngayon sa 2018 (the law, I repeat, the 2002 law is different because it is already 2018) and RA 9165 was prompted in 2002," he explained. Aquino said he will also discuss the matter with the Commission on Higher Education (CHED). "Yun nga ang napag-usapan namin (That's what we have discussed). For high school,

(it is) DepEd. And we will bring this up sa (to) CHED and will be asking the same to support us (so) that there will be a mandatory drug test for college students," said Aquino.

The PDEA chief said that teachers must also be subjected to drug testing because they serve as role models and mentors for their students.

PDEA is eyeing the amendment of Dangerous Drugs Board (DDB) Regulation No. 6 Series of 2003, which sets forth the guidelines for the random drug testing of students in public and private secondary, tertiary/higher education institutions and post-secondary technical vocational schools.

Under Section 36 (c) of Republic Act 9165, or "The Comprehensive Dangerous Drugs Act of 2002", only students of secondary and tertiary schools, and with notice to the parents, are required to undergo a random drug test.

NO MORE

From page 1

after that one-on-one".

Meanwhile, Roque described as "very tame" the pastoral letter that CBCP has issued about a number of issues plaguing the country.

"I thought it was very tame. I was expecting the worst, it was a very tame pastoral letter, I thought," Roque said.

Roque believes the Church is avoiding "outright confrontation" when it issued the pastoral letter on Monday through the CBCP.

"So, it's nothing new. There was no outright condemnation. So I thought the Church was avoiding an outright confrontation with this pastoral letter," he said.

Roque said he expected a better relationship, not only between the Duterte administration and the Church but with everyone after Duterte made it clear that he will step down once the Federal Constitution is adopted by 2019.

"I expect better relationship with everyone now that the President has made it clear that he wants to step down in 2019 after adoption of the

Federal Constitution," Roque said.

"It includes the Church because the Church knows that as soon as there is a transition to a federal government, he will not stay up to 2022," he added. Roque said the President has instructed the Consultative Committee (ConCom) to include in the new Constitution a provision that a transitory leader would be elected by the people.

"Because before the President said he can serve as transition leader up to 2022, but a while ago he announced that he wanted to have a provision that would elect transition leader and that he is ready to step down if the new Constitution will be approved," Roque told the media.

He said Duterte wanted to erase suspicion that he has hidden agenda for pushing Charter change that would give way to a shift of government to federalism.

"Secondly, he said he was very tired. He is old and perhaps this electing a transition leader would enable a young leader to take over," Roque said. (PNA)

Legal Notice

If You Bought an Airline Ticket between the U.S. and Asia, Australia, New Zealand, or the Pacific Islands,

You Could Receive Benefits from Class Action Settlements

Settlements have been reached with four airlines in class action lawsuits involving the price of airline tickets. The Settling Defendants are: Air New Zealand, China Airlines (Taiwan), EVA Airways, and Philippine Airlines. Settlements were previously reached with 8 Defendants. The lawsuit continues against the remaining Non-Settling Defendant airline: All Nippon Airways ("ANA").

What is the case about?

The lawsuits claim that the Defendants agreed to fix prices on tickets for transpacific air travel. As a result, ticket purchasers may have paid more than was necessary. The Settling Defendants deny the allegations and deny that they have any liability. The Defendant airlines also deny liability, although ANA has pled guilty to fixing the prices of certain discounted tickets.

Am I included?

You are included if: (1) you bought a ticket for air travel from one of 26 airlines; (2) the ticket included at least one flight segment originating in the U.S. to Asia or Oceania; and (3) your purchase was made between January 1, 2000 and December 1, 2016. A more complete description of eligibility requirements is available at the website or by calling the toll-free number.

What do the Settlements provide?

The Settling Defendants have agreed to pay \$49,900,000 (the "Settlement Fund"), plus an additional \$750,000 to help pay a portion of the cost of notice and administration of these Settlements. Money will not be distributed yet, and will be distributed pursuant to a Plan of Allocation approved by the Court. However, based on the claims that have already been filed, it is estimated that the average payment could be in the range of \$8.50 per eligible ticket claimed. This does not include amounts that will be paid on any future settlement or judgment involving ANA. Claims from the earlier round of settlements have not yet been audited. As a result, the number of claimed tickets that are determined to be eligible may be reduced, and the corresponding amount of compensation to be allocated among the remaining eligible claims will increase. Additional information is available on the website below. Class Counsel will pursue the lawsuit against the Non-Settling Defendant.

Class Counsel have not requested attorneys' fees and reimbursement of costs at this time but will do so in connection with the final approval hearing. For the current Settlements, Class Counsel will request up to one-third of the Settlement Fund plus up to \$7,500 for one additional class representative.

How can I get benefits?

You must submit a Claim Form online or by mail. The deadline to submit a Claim Form is **December 31, 2018**.

What are my rights?

If you do nothing, you will be bound by the Court's decisions and will get no money. As described above, if you want to get money from the Settlements, you must file a claim. If you want to keep your right to sue the Settling Defendants and get no money, you must exclude yourself from the classes by **August 30, 2018**. If you stay in the classes, you may object to the Settlements by **August 30, 2018**. The detailed notice describes how to exclude yourself or object. The Court will hold a hearing on **September 14, 2018** to consider whether to approve the Settlements. You or your own lawyer may appear at the hearing at your own expense, but you do not have to attend.

Settlements Affect Purchasers of Airline Tickets between the U.S. and Asia, Australia, New Zealand, or the Pacific Islands

NEWS PROVIDED BY

Cotchett, Pitre & McCarthy LLP and Hausfeld, LLP →

Jun 25, 2018, 09:10 ET

SAN FRANCISCO, June 25, 2018 /PRNewswire/ -- The following is being released by the law firms of Cotchett, Pitre & McCarthy, LLP and Hausfeld, LLP.

Settlements have been reached with four airlines in class action lawsuits involving the price of airline tickets. The Settling Defendants are: Air New Zealand, China Airlines (Taiwan), EVA Airways, and Philippine Airlines. Settlements were previously reached with eight Defendants. The lawsuit continues against the remaining Non-Settling Defendant airline: All Nippon Airways ("ANA"). For detailed information, visit www.AirlineSettlement.com.

The lawsuits claim that the Defendants agreed to fix prices on tickets for transpacific air travel. As a result, ticket purchasers may have paid more than was necessary. The Settling Defendants deny the allegations and deny that they have any liability. The Defendant airlines also deny liability, although ANA has pled guilty to fixing the prices of certain discounted tickets.

Purchasers are included if: (1) they bought a ticket for air travel from one of 26 airlines; (2) the ticket included at least one flight segment originating in the U.S. to Asia or Oceania; and (3) the purchase was made between January 1, 2000 and December 1, 2016. A more complete description of eligibility requirements is available at the website or by calling the toll-free number.

The Settling Defendants have agreed to pay \$49,900,000 (the "Settlement Fund"), plus an additional \$750,000 to help pay a portion of the cost of notice and administration of these Settlements. Money will not be distributed yet, and will be distributed pursuant to a Plan of Allocation approved by the Court. However, based on the claims that have already been filed, it is

estimated that the average payment could be in the range of \$8.50 per eligible ticket claimed. This does not include amounts that will be paid on any future settlement or judgment involving ANA. Claims from the earlier round of settlements have not yet been audited. As a result, the number of claimed tickets that are determined to be eligible may be reduced, and the corresponding amount of compensation to be allocated among the remaining eligible claims will increase. Additional information is available on the website below. Class Counsel will pursue the lawsuit against the Non-Settling Defendant.

Class Counsel have not requested attorneys' fees and reimbursement of costs at this time but will do so in connection with the final approval hearing. For the current Settlements, Class Counsel will request up to one-third of the Settlement Fund as attorneys' fees, plus expenses and up to \$7,500 for one class representative that has not previously been compensated for her service.

Important Dates:

Class Members must submit a Claim Form online or by mail to get money. The deadline to submit a Claim Form is **December 31, 2018**. Class Members who do nothing will be bound by the Court's decisions and will get no money. If Class Members want to keep their right to sue the Settling Defendants and get no money, they must exclude themselves from the classes by **August 30, 2018**. If they stay in the classes, they may object to the Settlements by **August 30, 2018**. The detailed notice (available at the website) describes how Class Members can exclude themselves or object. The Court will hold a hearing on **September 14, 2018** to consider whether to approve the Settlements. Class Members or their own lawyers may appear at the hearing at their own expense, but they do not have to attend.

For more information, please call 1-800-439-1781 or visit www.AirlineSettlement.com.
